Note 1: To determine a consistent total, if someone does not do the Silver Rush 50 Bike their Silver Rush 50 Run time is multiplied by 4/7.

This is the ratio of the 2 course records and precisely the ratio between the 2 course cut-off times (8 hours and 14 hours).

If someone does both Silver Rush races then the race resulting in the lowest total is used (highlighted in yellow)

Note 2: Gold Metals highlighted in Gold
